Description

Fully renovated apartment in Gandia.

The finish is very good quality.

Completely renovated, including plumbing and electricity.

It consists of 2 large bedrooms, one of which is with an open closet, made from a former pantry, opening onto a balcony that overlooks the rear of the building.

Parquet floors throughout the house, with the exception of the bathroom and kitchen, where vinyl flooring was added for extra strength.

In the bathroom we have a shower cabin with a ledge and a brand new plumbing with a shower column.

The kitchen has been redistributed so that it is open to the passage, and you can use the dining area with a TV.

There is an opportunity to make a third bedroom in the house, since it was removed from the living room to have a dining area in it, but it could easily be closed and used again.
